

Senior SysAdmin - LC4ISR

Company Overview:

KWESST develops and delivers next generation military and public safety technology for military and first responder customers. The company is proudly Canadian and provides Dismounted/Mounted Domain Expertise in Command-and-Control software development, integration, and support services.

Job Description:

We are seeking a skilled SysAdmin to join our dynamic team and play a crucial role in managing and optimizing infrastructure for the LC4ISR (land command, control, communications, computers, intelligence, surveillance, and reconnaissance) project. The ideal candidate should have expertise in Windows OS, Infrastructure as Code (IaC) tools, and Powershell scripting. Responsibilities will include building, maintaining, and managing infrastructure, ensuring system reliability, and optimizing deployment processes.

Responsibilities:

- Design, build, and manage infrastructure using IaC tools such as Ansible or similar.
- Ensure the reliability and availability of systems.
- Optimize deployment processes and automate workflows.
- Maintain and upgrade systems to meet evolving requirements.
- Provide support and troubleshoot issues related to Windows OS and Powershell scripting.
- Automate and streamline operations and processes.

Requirements:

- Strong experience with IaC tools, preferably Ansible.
- Proven SysAdmin skills.
- Experience with Windows OS.
- Experience with Windows Enterprise Management Tools such as Active Directory, SCCM, SCOM & Etc.
- Proficiency in Powershell scripting.
- Ability to automate and streamline operations and processes.
- Experience in maintaining and upgrading systems.
- Excellent problem-solving and troubleshooting abilities.

How to Apply:

If you are an experienced SysAdmin with a strong focus on Windows OS, Infrastructure as Code tools, and Powershell scripting, ready to take on exciting challenges in a fast-paced environment, and eager to join the dynamic team at KWESST working on the LC4ISR project, we invite you to submit your resume. Please make sure to emphasize your pertinent experience and any certifications you hold.
